

### REMARKS

The specification has been amended to include the ATCC deposit information. A receipt from ATCC is attached. Claims 1, 7, 26, 27 and 32 have been amended to state the ATCC accession number. No new matter is included in these amendments.

In reviewing the Examiner's Amendment, Applicant noted that claim 32, part (a), line 6, the word "an" should be inserted after the word "encoding" and before the word "antisense". Applicant telephoned the Examiner on September 13, 2005 and requested permission to insert the word "an" after the word "encoding" and before the word "antisense" in claim 32, part (a). The Examiner granted permission to insert "an" after the word "encoding" and before the word "antisense" in claim 32. Support for this wording can be found in paragraph [0110] of the Specification.

Applicant respectfully requests entry of the foregoing amendments to the specification and claims.
